Theatre Express Junior Projects

Projects from 1-4 weeks
We come to you!
Ages 11-17

Practice English in a fun, exciting way while you make and star in your own film!

Cinema Express provides an interesting and creative environment to learn and improve language and communication skills, develop teamwork and build confidence, whilst also developing individual artistry. Through the process of **making a short film**, students will be led and empowered by their teacher to generate storylines, create a film script, experience the various roles of filmmaking, work as a team to shoot their own film and attend the premiere!

Our projects offer a comprehensive introduction into the world of filmmaking using terminology at an English level that is suitable for your students.

Our Film Screening Premiere offers a unique opportunity to see your students on the big screen!

In addition to showcasing the short film at the premiere, students will have an opportunity to explain to the audience the filmmaking process, presenting the journey from paper to film, the roles they experienced throughout the week and what they have learnt and achieved.

Cinema Express works at providing an environment of language exploration and development as well as a course structure that is as close to the process of film production as possible. With our highly qualified English film tutors, we have the key to unlocking the potential of every student, from the initial idea to the final outcome.

Develop a passion for learning. If you do, you will never cease to grow.
