Our English & Football Camp offers you an exciting combination of professional football coaching, English lessons, trips and other activities. What's more, this year we're teaming up with Premier League club Southampton FC (nicknamed 'Saints'), through their charitable arm, the Saints Foundation.

The course incorporates the philosophy of Southampton Football Club and uses the power of football as a tool to develop your English language skills. Through this philosophy, you'll be able to learn the 'Southampton Way' and understand the values of Respect, Unity and Creativity to turn your potential into excellence, through fun and engaging sessions aimed at improving your techniques and performance.

Training will take place at a Community Champion School, while your sports psychology classes will be at Southampton FC's 32,500-seater stadium, St Mary's. You'll also have a stadium tour.
